Two Rivers NATC does not discriminate based on race, color, national origin or gender in its educational programs, activities or hiring practices.

The mission of the Boot Camp will be a Special Military Strategic Training for those that have the call in their lives for this. It will entail many avenues such as “Identifying Strongman” in areas that effect Reservations of this Nation. Discipline will be emphasized, and corporate unity will be implemented. Live in conditions will be monitored and encouraged. This will be explained in a separate section.

Overall, it is the intent of the Boot Camp to, in two weeks of intense devotion to the purpose of God, to destroy and bring down spiritual strongholds so that real Christian citizenship can come in and develop the Church in those areas.

I have longtime experience in dealing with Strongholds of our Native People. Many areas across the country are experiencing breakthroughs that have been a long time in coming, after the territorial reigning spirit has been removed. I am compacting all 44 years of spiritual warfare experience into a training camp for the next generation of deliverers. If you have this call, we can impart to you much specialized information in this training camp.

WE HAVE DECLARED WAR !

To many ministers, like myself, there has been a longing for the return to a corporate structure that would be pleasing enough to be approved by the Lord Himself as “His Church”, that He intends to build. Through the centuries elements that I define as mixtures, have replaced the original and eternal purpose of establishing a corporate Body of Believers to be termed **The Church.** (Matt. 16:18)

In the last decade great leaders have been given the revelation of ingredients that have instituted the desire of God to recover from the enemy the promises of our nation, America, and to compact the many divisions into an expression of Biblical Christianity.

The enemy has fortified his temporary property by placing strongholds of resistance to the coming invasion. He knows he is to be removed from authority over areas that we, the divided church, have given him permission to rule.

WE HAVE DECLARED WAR !

BIBLICAL APPLICATION OF REVELATION

The application of Biblical principles of terms that are used in the New Testament concerning our ultimate recovery of the Body of Christ will be implemented to guide us through this course. Though there are many other approaches concerning this subject, I will try to stay focused at the revealed Word of God to me.

Everywhere, there is a cry from the Apostles and Prophets that this is a time for shifting into a new level of ministry. To this I agree. We know it is imperative for the past generation to either accept and implement, or with integrity pass this on to a new generation. This is the subject of my writing of this informational introduction.

Let me direct my position to a few types of Biblical comparisons, which are opposite of one another, yet are in constant

mixture. This mixture is the problem of a spiritual anemic condition in the Church at large even today. I will be using the numerical value of two (2), to better contrast and clarify the infrastructure of our base of operations concerning spiritual warfare.

It first is discovered in the “two tree’s” in the Garden of Genesis 2:8. After the flood it can be traced to the two rivers that surround the countries of Babylon. This in turn birthed a rebellious people that developed the unity AGAINST God and his relationship with fallen man. God chose a standard of fellowship shortly afterwards in Abram, the Father of God’s Nations. This also formed the contrasted difference between two that if mixed would bring a separation of the order of God among His people. Even though God permitted a Gentile to be admitted through Proselyte structure, they could never be among the priesthood of God. History shows over and over again how God through His prophets brought warning and judgment because of unlawful co-habitation of two opposite people.

ADDITIONAL INFORMATION

If you have the makings to fulfill the call of the Spirit, to help us put into motion the prophetic promises of the Native people, i.e., bringing down the strongholds in this country, the Lord will provide for us the authority to carry this mission forward.

By your enlisting into this campaign to bring back the entry ways to this country, now in control of the enemy, we can officially call for, and welcome the Lord Jesus to visit our country one more time.

The following forms must be submitted and accepted prior to attending training:

- A completed application
- Recommendation from spiritual covering
- Release of liability
- Registration fee (of \$25)
- Deposit of \$100

Applicants will be notified of acceptance. Tuition balance (\$700) is due upon arrival, to be paid either by check, cash, money order or cashiers check.

ADDITIONAL INFORMATION

Since the theme of this specialized training is, “**We have declared war,**” we will be using the concept of military training, but not to the point of enforcing rules and regulations that will harm our intent.

The main reason will be to emphasize discipline of unity for the goals we intend to instill. In other words, uniformity for the sake of identifying infrastructure that the Lord has shown us as a guide to the success we are pressing forward to accomplish.

We will live as close to the natural elements as we possible can. (Outdoors) Therefore, it is required that you provide your own small camping tent. It doesn’t have to be expensive, but one with a sealed floor and netting on the doors is recommended. You should be able to furnish your own tent to suit your comforts. Showers and bathrooms are on campus. You must furnish you own toiletries, towels and sheets. Laundry will be done on a daily basis alternating with men and women on separate days.

We will have meals camp meeting style. Utensils and plastic ware will be provided.

The weather in Oklahoma is unpredictable, but we will be able to use alternate teaching facilities if the need arises. To utilize 10 days of intense of training on Warfare, we will need to stay focused on these classes. A full 10-12 hour day is anticipated with night revolving around “campfire” talk. This will include special guests with experience in warfare. All questions will be answered at this time, either from that talk by the guests, or those that come up by day. Much of the evening time will also be demonstrative of Native style dances and music with drum that will provide us insight as to why some forms of Native culture is not permissible in the Christian Church. History of tribal culture will also be presented.

In the New Testament, Paul uses interpretations of spiritual activity such as; the flesh lusts against the Spirit and the Spirit against the flesh. (Gal. 5:17) He was describing an ongoing battle that we all must do to overcome the world. The Old and the New Testament are the best two that we see contrasted. After Pentecost (Acts 2) a new creation was birthed to be the ultimate metamorphic change that would bring forth a new Kingdom with Jesus reigning as King of Kings and Lord of Lords.

As a disciple (student) you can discover many other references to the Two’s of contrast once you see the bigger picture.

DEALING WITH GIANTS: I SAMUEL 16

David emerges in this story as a young lad that had been ANOINTED earlier by the Prophet Samuel. In my mind David was already a king, even though he had to go through training in warfare and survival alone and dedicated to God. (Gal.4:1-2) Before Goliath, David had already been an instrument of might and courage as he testifies to Saul of his accomplishments of slaying the lion and bear. Might and courage is one thing, but the main thing was David’s relationship with the God of Israel. David’s Psalms, prayers, downfalls and times of repentance are recorded for our admonishment and to guide us to rebuilding the Tabernacle of David. (Acts 15-16)

David was chosen in his youth. That is my topic for the releasing of the next shift for the Kingdom of God. As stated earlier, the past generation must give provision and releasing of this next generation to accomplish OUR dreams and visions that we have had the last 40 years.

WE HAVE DECLARED WAR !

GOLIATH has a sinister meaning of interpretation to the name. It means for this writing, (Strong’s 1540), to denude (especially in a disgraceful sense). The spirit of division and mixture was already mixed into the new Kingdom of Israel through the PEOPLE’S choice, Saul. The Philistines have been used by God throughout history to bring Israel back into alignment when they invited a mixture of nations that served idols.

God had been preparing His choice (David/Jesus) even from the beginning of Israel’s demise under Saul. The Philistines had a giant and all of Israel was reluctant to accept his challenge. They were being “uncovered or denuded” by one man called Goliath. The distressful ingredient was not in numbers of men that Israel had or didn’t have, it was the fact they didn’t have FAITH in the God of Israel. Their faith was in Saul, the man they had chosen. Saul was in a predicament that he didn’t know how to resolve. His men could detect this and they became fearful. In our times giants are appearing, threatening and challenging the Called out ones, (Church) and because our mixture of beliefs has weakened our faith against these giants, there must be a genuine shift into a preparation of David’s against these Goliaths.

the basis of our determination of your intent to find your place in the Kingdom of God.

The new generations must come forth to administer the true foundational truths of the Word of God. I say with deep convictions that you are the next generation. You will be trained from my experiences and those of others, to not just pray, but to engage the enemy on his territory and bring normality back under God's Kingdom Order.

The concept of the WARFARE Training Camp will be used as the model of direction what the kingdoms of Saul and David show us through the scriptures. Other important events recorded will also be used. Our goal is to send you from this Boot Camp equipped to not only challenge, but to dismantle, those entities that are hidden in the religious mixtures in Indian Country.

WE HAVE DECLARED WAR !

The next two weeks will make warriors out of you. I don't mean armchair warriors, but a **SPECIALIZED COMMANDO** group that will engage and set the order of discipline and order to tear down the first line of defense against the enemy.

Our job will be to establish a beachhead and occupy until the main forces can mobilize to secure the territory in Jesus' Name.

Remember we will be a **SPECIAL FORCES** type of warrior that will operate mostly under covert conditions until we disrupt the strongholds and take out the strength of their infrastructure.

You are enlisting in a program that will be given only to a select few. Your answers to the application for this program will be
